

Tribute Park at Volkening Lake Organization Recognition Area

A special area of Tribute Park is set aside for organizations to recognize achievements and membership.

Organizations may as a whole purchase the largest available brick (\$200 includes logo),

and the area surrounding that brick will be reserved for individual purchase by members. Use it to recognize a current or past president, the culmination of a project, member achievements or long-standing individual commitment.

To reserve an area, and arrange for your group's logo to be featured on the central brick, please call 847/985-2115.
